

# Schoolhouse Arts Center Helping Hands

The Schoolhouse is much more than just a community theater. We are also an educational resource where kids and adults come to take classes in dance, drama, music, acting, and art.

The Schoolhouse is an important non-profit organization that relies heavily on volunteers to perform many vital tasks that keep us going. Here are just a few ways that our volunteers lend a helping hand.

- Ushering or concessions for an up-coming show
- Building or painting sets
- Stage crew helping out behind the scenes
- Helping operate the theater lighting
- Painting signs for our driveway sign
- Cleaning and maintenance
- Marketing and public relations
- Sewing, mending, or altering costumes
- Gardening or yard maintenance
- Not sure what I would like to help with. Please contact me.

If you or a family member or friend is looking for a fun way to benefit your community, please check off one or more of the boxes above and fill in the information below. Drop it in the box at the door and a member of the Helping Hands Team will contact you soon.

We aren't looking for a few people to do big tasks. We need lots of people to do little ones.
